

## AGZA National Green Zone Initiative

An Educational Presentation of Quiet Zero-emission Lawn and Garden Tools & Practices for Westchester County

When and Where	<b>Saturday, October 20, 8:30am - 1pm</b> at the Chappaqua Farmers Market
Who Should Attend	Residents, homeowners, business owners, commercial landscape maintenance crews, and civic leadership throughout Westchester County.
Overview	Sustainable Westchester and AGZA are collaborating to assist communities in Westchester switch over to sustainable grounds maintenance practices by creating an aggregate equipment purchasing program, by educating the public, commercial operators, and municipalities, by accrediting crews, and by certifying properties.
Topics	<ul style="list-style-type: none"><li>• Explain the health and environmental hazards of using gas equipment</li><li>• Present the many advantages of electric equipment and sustainable practices</li><li>• Reveal the challenges of transitioning from gas to electric, and offer solutions</li></ul>
Equipment	Purchase equipment at a discount through our aggregate purchasing program from EGO and Mean Green.

### About Sustainable Westchester

Sustainable Westchester is a collaboration of Westchester County, NY local governments that empowers municipal leaders, concerned citizens, businesses and local organizations to partner in the development of sustainability initiatives and share tools, resources, and incentives for healthy, vibrant and attractive communities now and in the future.

### About AGZA

AGZA is the global leader in low-noise zero-emission grounds maintenance strategies. We help communities with our two core services:

- AGZA Service Professional Accreditation: education, training and accreditation of grounds crews on safe and optimal use of electric equipment
- AGZA Green Zone<sup>®</sup> Certification: establishing, monitoring, verifying, certifying and celebrating properties maintained with clean tech and hand tools
